WARRANTY TERMS AND CONDITIONS  
applicable to  
SECOND HAND AUTO PARTS  
(excluding all differentials, engines and transmissions)

All parts excluding electrical parts sold by Motormotion, at the time of leaving our premises, are guaranteed against defects for a period of 3 months or 5,000km, whichever comes first. Warranty is valid only if part is fitted by a qualified and licensed technician/mechanic. Proof of fitting and purchase will be required when claiming warranty.

Parts are not guaranteed against failure or damage arising from faulty or incorrect fitting, incorrect application, damage caused by other components or equipment, or any damage caused by any means over which we did not have control. Use of an after-market ECU (computer) voids warranty.

Motormotion disclaims any liability for labour cost, income loss or other damage attributed to the failure of parts supplied by us.

Motormotion will replace, free of charge, any parts that in our opinion, after examination by us, are defective through faulty material or manufacture, or refund monies. **Returned goods must be accompanied by the original invoice number.**

All goods must be returned to Motormotion, freight prepaid by the customer, for inspection prior to any warranty being acted upon.

**All change-over items are to be returned as soon as possible or no warranty will be considered.**

Turbochargers are guaranteed to work at start up only.

Electrical items are guaranteed to work at time of sale only. Electrical parts are non-returnable.

No refunds will be granted on correctly supplied and operational electrical parts.

Warranty is non-transferable.

Parts used in competition are void of any warranty.
