1) **GENERAL ANCILLARIES SUPPLIED ON TRANSMISSION:-** Initial supply only (e.g. bell housing or rear housings, gear shift mechanism or linkages).

WARNING:

- a) The warranty is subject to inherent fault upon inspection before fitting of unit to vehicle.
- b) Limited to replacement only and does not cover labour charges to replace any of these items if they are defective.
- c) If any of these items require changing at the time of transmission installation due to a different in specification to the previous transmission, and the ancillaries off the previous transmission are damaged and cannot be used, MOTORmotion is not responsible to supply or replace the specification of the ancillaries required.
- d) If any such changes are required they are to occur at the owner's/fitter's expense regardless of circumstance or verbal representation.

2) **ANCILLARIES NOT WARRANTED:-** Sender/reverse or neutral safety switches, mounts and brackets.

WARNING- These items if left on the transmission are “as is” only and should be used only at your own risk.

THIS WARRANTY DOES NOT COVER:-

- A) Labour costs.
- B) A transmission overheated or which has been run low or without oil.
- C) Damage to the transmission as a consequence of it being operated with a fault. It is the operator's responsibility to shut down the vehicle immediately upon any indication of malfunction (e.g. noise, gear shifting fault or oil leakage).
- D) Unauthorised repairs.
- E) Transit damage.
- F) A transmission which has been fitted behind an engine that has been modified, changed or turbocharged to achieve more horsepower/torque over the factory/OEM specified output of the original engine.
- G) Damage to the transmission caused by faulty ancillary equipment.
- H) A transmission which has been: over loaded or not serviced in accordance with manufacturer’s service intervals.
- I) Towing, accommodation or travelling time expenses.
- J) Normal wear & tear.
- K) Any electrical items/solenoids on or within the transmission.
- L) External seals and inspection plate or sump gasket oil leakage.
- M) A transmission which has not been fitted in accordance with the fitting requirements as listed on page 3.

IF YOU ARE NOT PREPARED TO CARRY
OUT THE MINIMUM FITTING
REQUIREMENTS AS LISTED ON PAGE 3
DO NOT FIT THE TRANSMISSION.

Return the unit to the point of purchase, a refund will be arranged (conditions apply).

THE FOLLOWING FITTING REQUIREMENTS ARE COMPULSORY TO VALIDATE YOUR WARRANTY

- 1) The transmission which you have purchased has come from a similar model vehicle only. Compare the supplied transmission to your old transmission as there may be differences in bell housing, rear housing and gear shift mechanism etc. MOTORMotion cannot guarantee that the transmission supplied will be identical in every aspect to your old transmission. **BE WARNED:-** If any of these changes are required they are to occur at your own expense regardless of circumstance or verbal representation.
- 2) Cooling system -
 - A) Thoroughly examine and replace the following items where necessary: transmission cooler hoses & clamps and/or fittings.
 - B) Transmission cooler & lines must be flushed thoroughly by either using a special purpose flusher or brake cleaner and air pressure.**BE WARNED:-**
FAILURE TO CORRECTLY FLUSH COOLER AND LINES WILL VOID WARRANTY.
- 3) Service and oil - The supplied transmission must be serviced upon installation and correct oil type must be used in accordance with manufacturer specifications unless otherwise specified. Failure to comply with either requirements will invalidate warranty.
- 4) GENERAL WARNING - Check tightness of sump plug if applicable, sender switches, and all external oil pressure lines after initial start up and prior to putting the transmission to work.
- 5) RECOMMENDATIONS – A) It is recommended that both front and rear oil seals be replaced before fitting the supplied transmission as these items are not covered for leaking under warranty.
- 6) If the old unit has been requested as an exchange, it must be complete and assembled, and the unit must be drained of any oil for transport back to MOTORMotion's Workshop. **IMPORTANT:** A) If freight cartage is required to return the exchange unit it is to be at the owners/fitters expense. B) Failure to drain oil from the returned unit prior to shipping will incur disposal costs which will be charged to the owner/fitter.

IN THE EVENT OF A CLAIM FOR WARRANTY

IMPORTANT

READ CAREFULLY - UNDERSTAND YOUR RESPONSIBILITIES AND ENTITLEMENTS

In the event of any preliminary signs of malfunction, it is the customer's/operator's responsibility to cease operation of the vehicle immediately and notify MOTORMotion as soon as possible.

Failure to comply with this condition may result in more serious consequential damage to the transmission and will void any warranty entitlement.

- 1) Depending upon the situation and/or the severity of the problem our warranty department reserves the right to inspect the transmission in our workshop. If the transmission is requested by the warranty department to be returned it is the purchaser's responsibility to return the transmission freight paid to our production centre for inspection regardless of state of purchase. Until the transmission has been inspected by our warranty department and deemed warrantable it should not be assumed that warranty will be accepted, nor should it be assumed that any costs associated with the removal, return and repair of the transmission will be met by MOTORMotion. MOTORMotion reserves the right to have input into the commissioning of any charges associated to inspection, removal and return of the transmission prior to any of these works taking place. Once the transmission has been returned and has been deemed warrantable by the warranty department, (at the Company's discretion), MOTORMotion will reimburse charges for outside preliminary inspections, removal and return, and charges only which were prior discussed and agreed upon to be reasonable at the time.
- 2) MOTORMotion must give written or faxed authorisation prior to the commencement of any outside repairs. Labour charges shall be paid at factory times and at an hourly rate stipulated by MOTORMotion.
- 3) MOTORMotion will supply free of charge all components required to rectify any authorised claims and reserves the right to supply used components in certain circumstances.
- 4) MOTORMotion will not recognise any warranty claim where any failure or defect is caused by:
 - a) The non compliance of our compulsory fitting requirements as outlined on page 3.
 - b) The conditions as outlined on page 2.
- 5) In the event of any claim not being accepted due to any provisions under paragraph 4, the Company reserves the right to recover reasonable out-of-pocket expenses incurred in the towing, freight, dismantling and inspection process, such costs are to be reimbursed by the customer prior to delivery of the unit. Cleared funds only will be accepted as payment.
- 6) In the event of any dispute arising over a claim being declined by our warranty department, a mutually acceptable third party opinion is to be obtained at your expense prior to MOTORMotion reconsidering its position. The third party inspector must be from NRMA, MVRIC, or another recognised establishment and must be a member of the M.S.A.E. The outcome/findings of the independent third party inspector may not necessarily alter the decision of our warranty department.
- 7) In the event MOTORMotion declines warranty but is used as the repairer, a release form must be signed by the purchaser prior to commencement of repair. Cleared funds only will be accepted as payment.
- 8) If MOTORMotion instructs or gives authorisation to a warrantable repair being undertaken by an outside repairer the warranty for such work will remain the responsibility of repairer at all times.
- 9) MOTORMotion will not recognise or be held responsible for towing, travelling time, demurrage/down time, loss of profits or consequential damage or loss.
- 10) MOTORMotion cannot be held responsible for any implied or verbal representations outside the invoice description of goods sold and warranted.
- 11) This warranty does not affect the statutory rights of the customer.
- 12) Warranty registration/validation questionnaire supplied must be completed in full upon installation of the unit and returned within 14 days of invoice date.
